

Dear Spartans,

Earlier this week, Bob Lim, our VP-IT and CIO, shared that the [Learning Space Upgrade and Academic Technology Strategy \(LSUATS\)](#) will begin with a 10-week project to conduct a thorough current state assessment, develop a strategic vision and plan for the future, and create a multi-year implementation roadmap. Deloitte, our partners on this project, will be hosting a town hall for the entire campus community to engage, learn, and provide feedback and suggestions.

Town Hall for Learning Space Upgrade and Academic Technology Strategy (LSUATS)

Wednesday, September 18, 2024
2:30pm - 3:30pm
Engineering Room 285/287

Deloitte will be seeking your feedback throughout the presentation, conducting a survey and hosting a dedicated Q&A session. Please bring any questions or input you may have. If you would like to submit a question in advance, you can use [this anonymous form](#).

Campus engagement is critical to the long-term success of LSUATS. In the coming weeks, there will also be surveys and interviews where you can make your voice heard in addition to this town hall. Toward the end of the project, Deloitte will host a second town hall to present their findings, share recommendations, and take final feedback.

This event is wheelchair accessible. Individuals requiring Sign-Language Interpreters, Real-time captioners, or other accommodations should contact Lin at (408) 924-3118 or lin.ru@sjsu.edu as soon as possible. If you have any questions about this event, please feel free to reach out to me or any of our [steering committee members](#).

Thank you,

Kara Li

SJSU IT Associate Vice President for Strategic Planning and Portfolio Management,
Interim Associate CIO, and LSUATS Project Engagement Lead

One Washington Square
San Jose, CA 95192
