# Introductions

#### **Meet the Deloitte Team**

## **Deloitte.**

James Qua QA Partner

Jessica Kaplan Engagement Lead

LJ Filetti

**Project Manager** 

**Drew Johnson Project Consultant** 

Amy Wittmayer
Teaching & Learning
Lead

Campus-wide town halls create a platform for us to engage with the broader SJSU stakeholders, allowing you to offer input, ensuring your voice is heard as part of the process while fostering transparency in all our activities.

#### **Town Hall Principles**

1 ) TO INFORM

 Town halls are an opportunity to provide updates on the progress and status of the LSUATS project.

**( 2 )▶ TO BE TRANSPARENT** 

 Town halls allow us to share information openly about the goals, outcomes, and overall process throughout the project.

( 3 )▶ TO SHARE AND RECEIVE INPUT

• Town halls are a platform to share project outputs and findings to broader stakeholders and garner feedback.

( **4** )▶ TO BUILD EXCITEMENT

• Town halls generate excitement and enthusiasm for the broader transformation and help build momentum and buy-in across the campus.

# **Project Objective**

### **Project Objective and Goals**

**Deloitte.** 

Based on aging academic technology, a desire to modernize, and the need to best prepare students for careers in the surrounding tech-advanced Silicon Valley community, SJSU's President's Cabinet has asked for Deloitte's support in developing the institution's learning space and academic technology strategy to lay the groundwork for the broader transformation.

Advance SJSU's mission and enable their academic technology transformation journey to best serve students and faculty by:

Providing a thorough and accurate Current State Assessment of Academic Technology across the institution through interviews, detailed documentation reviews, and data analysis

Developing a Future State Strategic Vision and Plan grounded in current state findings, industry leading practices, alignment on the future path forward, and gaps between the current and future state

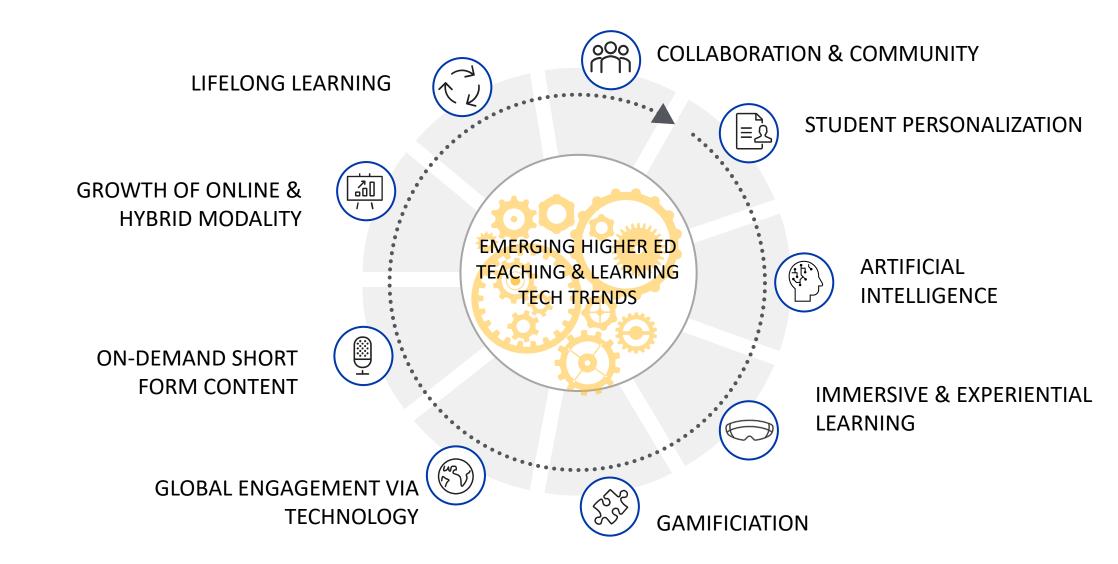

Creating a multi-year Implementation Roadmap with prioritized recommendations integrated into a timeline as well as the associated estimated costs and supporting PMO, OCM, and best practices for adoption of the long-term academic technology transformation and implementation

### **Deloitte's Teaching and Learning Trends**

**Deloitte.** 

Higher education's dynamic landscape demands a focus on emerging trends in educational technology and student experience.

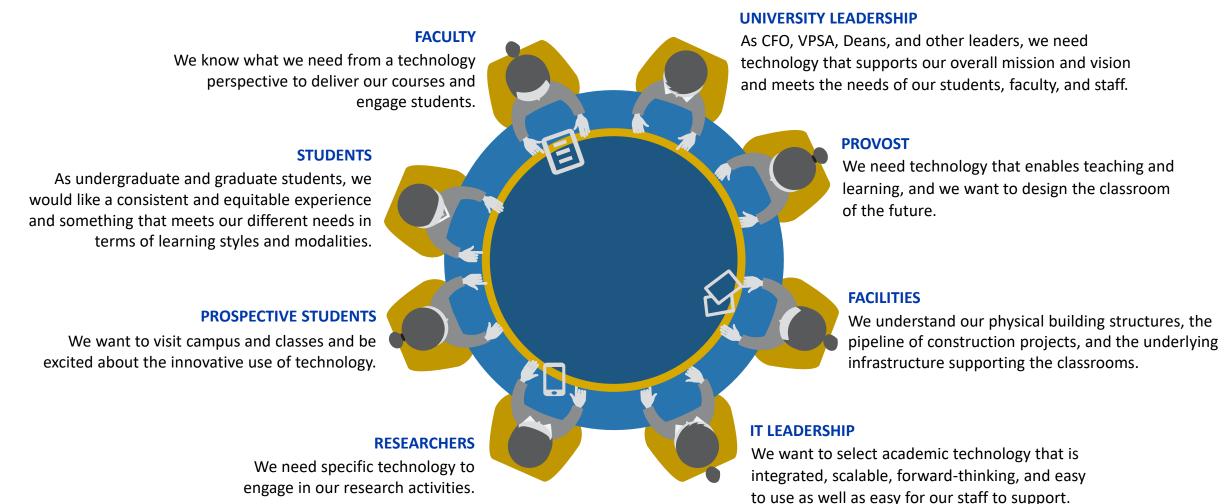

# **Approach & Timeline**

### The Importance of Stakeholder Engagement – Everyone Needs a Seat at the Table

### Deloitte.

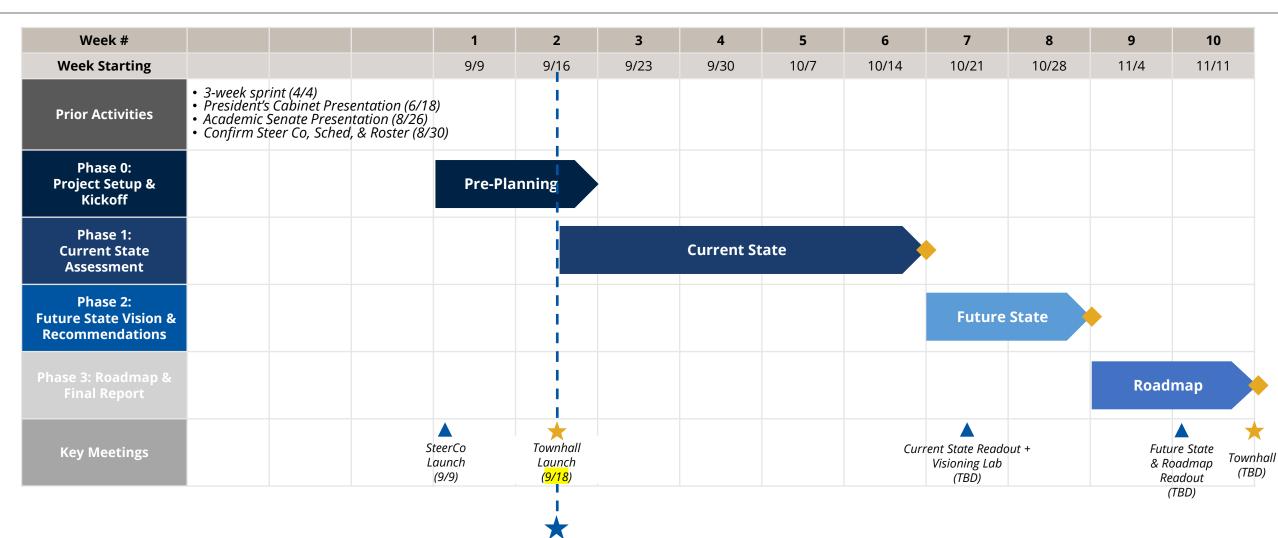

In order to properly conduct an academic technology assessment and develop a go-forward plan and strategy, it is critical that a diverse cross-section of stakeholders be involved in the project to provide a unique and comprehensive set of perspectives. Stakeholder engagement not only allows for pain points and needs to be accurately identified but also serves as a change management mechanism.

### **High-Level Timeline**

## **Deloitte.**

We are here

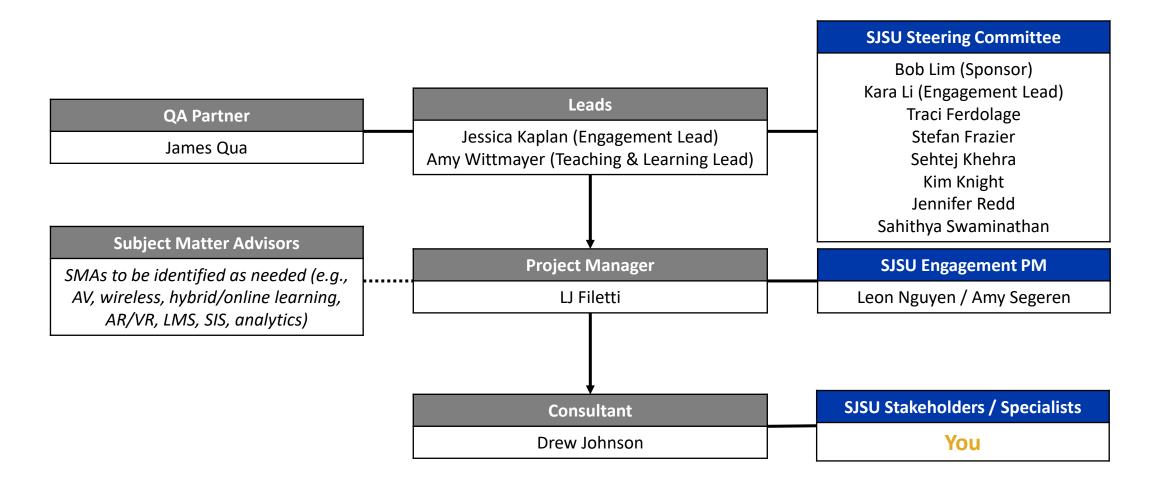

# **Team**

### **Project Team Structure**

Key: Deloitte Team SJSU Team

# **Next Steps**

- Host project launch
  with Steering
  Committee on
  9/9/24
- Host in-person
  campus-wide
  townhall to inform
  and engage broader
  community
- Engage with key stakeholders via interviews, feedback sessions, survey responses, and data requests
- 4 Execute project to deliver the current state assessment, future state strategic vision, and final roadmap, with the next town hall in mid-November

# Q & A

### **Remain Informed and Engaged**

### **Deloitte.**

The Deloitte team will be available following today's town hall to answer questions or collect feedback to inform the overall effort.

**Chat Live** 

The project team has created a website for sharing information, providing updates and event reminders, and for gather input and feedback into the project

**Visit Project Website** 

We have created a survey to garner your input and feedback and inform our analysis. All the questions are optional with opportunities for open ended submissions to allow stakeholders to answer the questions they feel the strongest about.

Take our Survey

# **Appendix**

#### **Deloitte's Qualifications to Serve**

### **Deloitte.**

Deloitte is the **largest professional services firm** in the world with 450,000 employees globally. Higher education has been a priority sector for Deloitte since the firm began supporting colleges and universities in 1913. Deloitte has worked with **more than 500 higher education institutions** to date, including:

- 1. Brigham Young University
- 2. California State University System
- 3. Carnegie Mellon University
- 4. Columbia University
- 5. Cornell University
- 6. Dallas College
- 7. Duke University
- 8. Emory University
- 9. Florida State University
- 10. Georgetown University
- 11. Georgia Institute of Technology
- 12. Harvard University
- 13. Howard University
- 14. Indiana University
- 15. Johns Hopkins University
- 16. Lone Star College
- 17. Massachusetts Institute of Technology

- 18. Miami Dade College
- 19. Michigan State University
- 20. Minnesota State Colleges and Universities
- 21. New York University
- 22. Northwestern University
- 23. Princeton University
- 24. Southern New Hampshire University
- 25. Spelman College
- 26. Stanford University
- 27. Texas A&M University System
- 28. The Claremont Colleges
- 29. The Ohio State University
- 30. The Pennsylvania State University
- 31. The University System of Georgia
- 32. University of Arkansas System
- 33. University of California, Berkeley
- 34. University of California, Los Angeles

- 35. University of California, San Diego
- 36. University of Chicago
- 37. University of Cincinnati
- 38. University of Colorado System
- 39. University of Nebraska
- 40. University of Pennsylvania
- 41. University of Pittsburgh
- 42. University of Southern California
- 43. University of Tennessee System
- 44. University of Texas System
- 45. University of Washington
- 46. University of Wyoming
- 17. Vanderbilt University
- 48. Virginia Community College System
- 49. Washington University in St. Louis
- 50. Yale University

Systems of higher education

Public universities and colleges

Private universities and colleges

Minority serving institutions Community and technical colleges

Academic medical centers

Research institutions

Providers of online education

### **High-Level Timeline**

## **Deloitte.**

This project focuses on the initial 10-week assessment and strategy to tee up the broader academic technology transformation journey. All deliverables outlined below would be presented and iterated on with a steering committee, typically comprised of a cross-section of University leaders and led by academic affairs.

|                   | -   |  | -     |      | •      |   |                        | -   | •     |                               |

### **Key Project Activities**

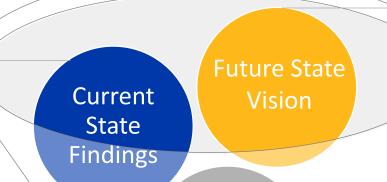

### **Deloitte.**

#### **Current State Activities**

- Conduct stakeholder interviews / focus groups across students, faculty, and staff
- Distribute voice of the customer survey and analyze results (if applicable)
- Submit data request and analyze provided artifacts (e.g., network stats, vendor contracts, room diagrams)
- Conduct site walks

Best Practices

#### **Future State Activities**

- Facilitate **visioning lab** to explore tech trends and align on future state academic tech vision
- Conduct **peer benchmarking and case studies**
- Build prioritized roadmap, cost estimates, and PMO/OCM/adoption practices

#### **Leading Practices**

Leverage higher education frameworks, **best practices**, and prior experience on similar engagements

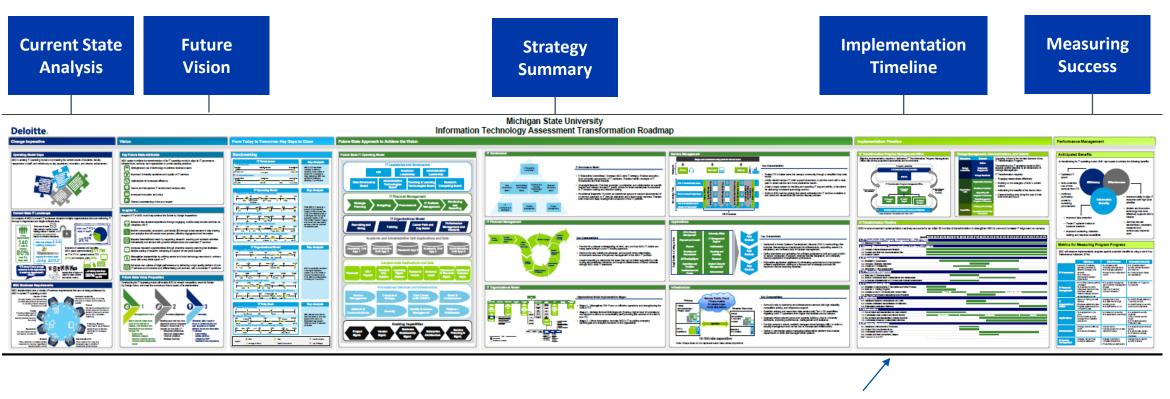

Academic Tech Roadmap & Final Report

### **Sample Deliverable**

**Deloitte.** 

The figure below provides an example roadmap from one of our recent Digital Transformation projects, inclusive of PMO and OCM considerations.

Includes Plan to Implement Strategy and PMO/OCM considerations
