Public Relations Minor Graduation Form For ADVERTISING - MARCOM TRACK students

This form is based off of the original Public Relations Minor form for NON-ADVERTISING MarCom Track students. If you are an Advertising-Creative Track, Advertising-Management track, or NON JMC major who is interested in a PR minor, please use the original Public Relations Minor form.

According to SJSU University Policy, Minors need to have at least 12 units that are separate and distinct. In other words, Minors need to have at least 12 units that are <u>only for the Minor</u> and cannot double dip with the Major.

Because the Advertising-MarCom track major requires 3 PR classes that are also listed on the PR Minor Form, many MarCom students think they can minor in PR and double dip. This is not the case. Therefore, the original PR Minor form has been modified to ensure that MarCom students have at least 12 units that are separate and distinct for the PR Minor.

*The only change on this form is that Advertising-MarCom majors will need an additional JMC elective as indicated on the Minor form. This elective will substitute for original Minor requirement PR 190/PR 191 because PR 190 and PR 191 are already required for the MarCom track.

While JOUR 61 and PR 99 will double dip with the Advertising-MarCom major, the other 4 classes/12 units (MCOM 72, PR 192, and 2 Electives) will be exclusively for the PR minor and fulfill the University Policy regarding minors.

For any questions, feel free to contact the JMC department at journalism@sjsu.edu.
