

Argumentative Essay Proposal

2-3 pages, double-spaced, see syllabus for formatting guidelines

Goal of the assignment: Choose a problem or issue of consequence for your argument proposal that you will elaborate on in your argumentative essay. Narrow the topic to something manageable. For example, you can't solve the problem of world hunger in a 1,500 word essay, but you could write a focused essay about the problem of U.S. food aid programs to Zimbabwe. Convince me your argumentative essay topic is worth writing 1,500 words on. Include possible sources, and a working thesis.
