Master in Public Health
(Campus)

Dear Chairperson McKee,

Master in Public Health
(Online)

Thank you for allowing me to apply for the Organization and Government (O+G) committee chair vacancy in AY23/24.

Undergraduate Program

Public Health

Recreation

Having completed my second year of service in the Academic Senate, I have come to appreciate the vital role senate service plays in promoting a healthy university environment. I am eager to continue and expand my service to the SJSU community by serving as O+G chairperson in AY 23/24. At the conclusion of the spring 2023 semester, I will have served on the O+G committee for 2 years. I am confident that the combination of my O+G experience to date plus the support of my fellow committee members will allow me to effectively fulfill chair responsibilities. It has been my experience that my fellow O+G colleagues, and the entire senate population, are community-minded, fair, and thoughtful people. I will strive to emulate their example through my continued service to the SJSU community and the Senate.

Thank you for your kind consideration.

Joshua Baur
